

Homework #1: Photo Upload (1 point)

Due to Canvas by 11:45 PM on Thursday, August 26th

Homework Goal: Help the 101 team get to know you!

In order for us to learn your names, upload a photo of yourself to Canvas under the HW1 assignment in the 101 course. Your photo will ONLY be shared with the CSCI 101 team (instructors and mentors). We will ONLY use your photo to learn your name (and will NOT post your photo online).

If you do not feel comfortable uploading a photo to Canvas, email your instructor for a 1-1 meeting (so your instructor can get to know you).

To receive credit on this assignment, your photo must be a clear visual of your face and be uploaded to the assignment in the 101 Canvas page (NOT your Canvas profile picture).

Consider the following two photos of Dr. Camp ... which would receive credit?
